

The Hallmark of Excellence

Complete customer satisfaction is always a top priority at Sterling and the quality ethos extends to the after sales service and market-leading manufacturer's warranty package that comes with every new Sterling caravan.

This is designed to give owners confidence in the latest generation of touring caravans.

Six-year bodyshell integrity guarantee

The guarantee extends to the following items: Body leaks and delamination: water ingress through any permanently sealed seam joints or delamination of panels and floor, being part of the original manufacturer's construction. The manufacturer will honour the guarantee for 72 months from the date of purchase, provided that the caravan has had an Annual Service including a damp meter test, within 90 days before or 60 days after each anniversary of the original date of purchase (or hire purchase). The sixth Annual Service must, however, be carried out before the expiry of the 72 month period from the original date of purchase (or hire purchase).

Three-year SuperSure manufacturer's warranty

The manufacturer will honour the warranty for 36 months from the date of purchase (or hire purchase), provided that the caravan has had an Annual Service within 90 days before or 60 days after each anniversary of the original date of purchase (or hire purchase). The third Annual Service must, however, be carried out before the expiry of the 36 month period from the original date of purchase (or hire purchase).

In the first 12 months the warranty will cover:

Faults arising from a manufacturing defect but not those which are a result of normal wear and tear or those which relate to replacement light bulbs. Also not covered under the first year are faults resulting from accidental damage or damage caused by misuse of any component part of the caravan.

In the years two and three the warranty will cover:

1. Original components of the caravan including permanently fitted equipment forming part of the manufacturer's original specification.*
2. Water ingress and body delamination.

* There are certain exclusions. For the full terms and conditions of these warranties please refer to the warranty section in the Owner's, Service and Warranty Handbook, or check the details on our website.

Details of your nearest authorised Sterling Service Centre can be obtained by contacting the Swift Group Customer Care Department on 01482 875740 or enquiring on our website: www.sterlingcaravans.co.uk

All Sterling models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice specifically relating to health and safety issues.

The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions, to gas, electrics and ventilation. Every Sterling caravan carries the 'NCC Approved Caravan' badge.

The NCC also conducts unannounced inspections at the Swift Group factory to ensure continued compliance.

NCC Approval gives you peace of mind that your caravan is legal and safe.

A MEMBER OF THE SWIFT GROUP

More mains sockets

Models now feature five 230V sockets to meet modern power demands

Front locker and light feature

Fully integrated design includes recessed mains corner lights, 12V LED downlighter and digital clock

Over-locker ambient lighting

Concealed soft white fluorescent tubes provides a warm, subtle interior light

Positive door catches

Positive catches on all overhead locker doors provide secure storage, even whilst on the move

The contemporary styling of the Eccles range appeals to couples and families. New features including the introduction of two fixed bed twin axle layouts and energy efficient LED lighting are at the top of a list of reasons to buy a new Eccles tourer. The range maintains its popular Scandinavian appeal with bold new graphics and new 'Oregon pine' furniture with ebony accents.

Quality carpet

Luxury carpet with 45oz pile weight (a 70% increase) looks good longer

LED lighting

The new system, which uses mainly high output soft white LEDs, saves 50% of full lighting power consumption. This makes your battery last longer, giving greater independence and making solar power a real option

Pleated Heki blind

Easy action pleated blind provides shade for day or night

'Ultra comfort' mattress

A high quality interior sprung mattress in fixed bed models for a really comfortable nights sleep

Microwave oven

Microwave oven built in to ventilated compartment

Radio/CD

Radio/CD/MP3 player with iPod/MP3 player connection

The 2.3m wide bodyshell with its one-piece, thick gauge aluminium sidewalls and 1.95m headroom provides class leading interior space. End washroom layouts feature luxury walk in showers while all models have separate lined shower cubicles and the latest Thetford toilet with wheeled waste tank. High specification features come as standard and are protected by an alarm system.

Underfloor tank

Twin axle models have a 40 litre insulated fresh water tank

Tyre rating

Higher tyre rating allows a greater safety margin for sustained higher speeds

Awning light

LED awning light provides energy efficient outside lighting

Alloy wheels

Stylish alloy wheels with receiver for AL-KO secure portable wheel lock

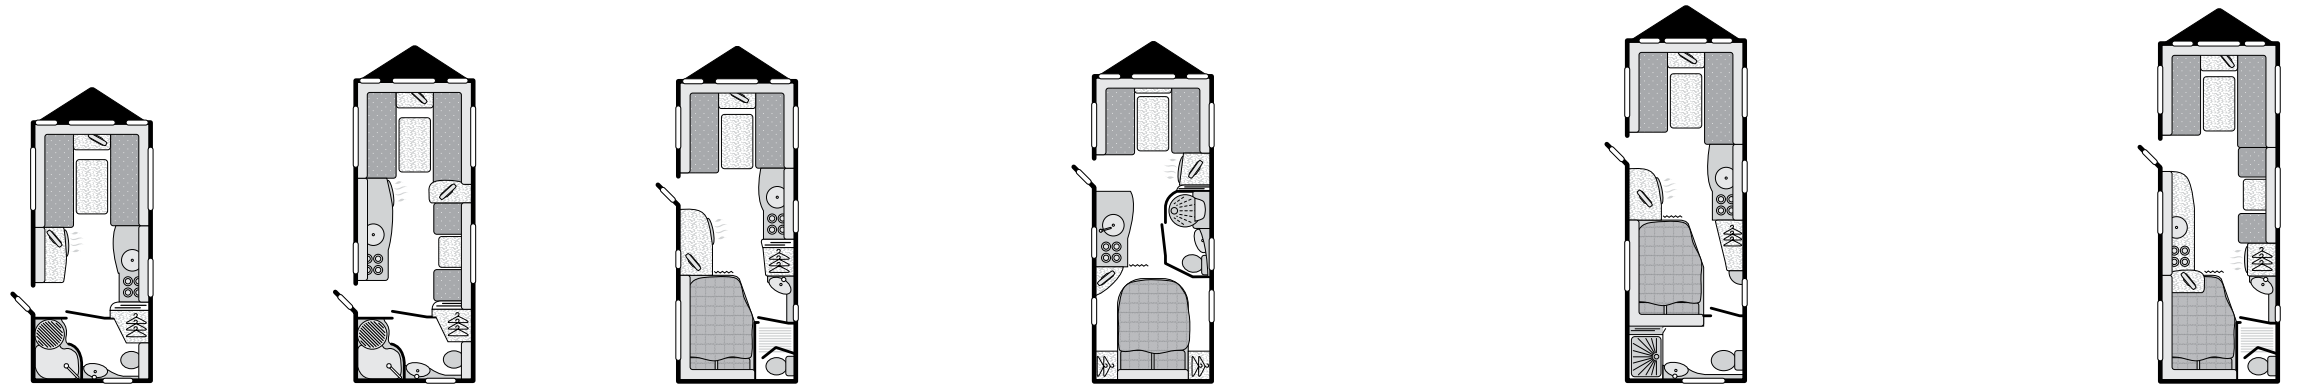

Shock absorbers

Shock absorbers give more stable, smooth towing
